

Handgunlaw.us is looking for information on the following items. Is it legal to carry in WMA's, National Forests, State Parks and Rest Areas in the states listed. We want a Law or Regulation Numeric # is possible like 9-11-304 listed under WMA for Alabama. A link to the Regulation/Law/AG Opinion would be appreciated. Under State Park laws the ones with just yes or no are believed to be true but would like more information. Any assistance you can give us in this matter would be greatly appreciated. Email us at [helpus@handgunlaw.us](mailto:helpus@handgunlaw.us) with any information you can give us. All info you supply will be made available to everyone. Thank You Steve and Gary.
