More information can be found at the [Connecticut Citizens Defense League Inc](#) website.

Note: The Connecticut Citizens Defense League is reporting that the way the law is worded that you can carry a registered Higher Capacity magazine in your firearm but it can only be loaded with 10 rounds. Connecticut's law requiring a magazine be "within" the firearm "limits the number of declared 'large capacity magazines' one is able to carry, along with the number of bullets it can contain. (See (7) above) So if you carry spare magazines they have to be 10 round or less type magazines or you are in violation of the law. You can't under the law carry a higher capacity magazine only loaded with 10 rounds unless it is "Within" the firearm. Will this matter to authorities? No one is sure but that is the way the law is worded.

State Park, State Forest & National Forest Carry In CT

Gary,

Thank you for your question about handgun carry in CT State Parks and Forests.

[CGS 23-4-1\(c\)](#) Hunting/weapons.

Hunting or carrying of firearms, archery equipment or other weapons, including but not limited to air rifles and slingshots, is not permitted in any state park or forest except as authorized by the Department of Environmental Protection. All carrying or use of weapons is subject to applicable provisions of the Connecticut General Statutes and regulations adopted there under.

The short answer to your question is no, a CT Permit to Carry does not allow a Permit holder to carry in a State Park or Forest.

Regarding your question about the highlighted sentence, this means that if a person is statutorily allowed to have a firearm in a certain Park or Forest, that person must have met all other requirements to carry such firearm. An example would be someone hunting deer where it is allowed with a shotgun could not be a convicted felon as felons are not allowed to possess firearms under CGS 53a-217.

There are some Parks and most Forests in CT where small game hunting is allowed with handguns (.22 caliber rim-fire) and a person hunting with a handgun would need a CT Permit to Carry.

I hope this answers your questions. If you have further questions please feel free to contact me again.

Thanks,

Sgt. Matt Tomassone DEP EnCon Police

What Does CT Consider A Loaded Firearm?

Title 53: Chpt. 943 [53-205](#) Shotguns, Rifles and Muzzleloaders in Vehicles and Snowmobiles.

(a) No person shall carry or possess in any vehicle or snowmobile any shotgun or rifle or muzzleloader of any gauge or caliber while such shotgun or rifle or muzzleloader contains in the barrel, chamber or magazine any loaded shell or cartridge capable of being discharged or when such muzzleloader has a percussion cap in place or when the powder pan of a flint lock contains powder. Muzzleloader as used in this section means a rifle or shotgun, incapable of firing a self-contained cartridge and which must be loaded at the muzzle end.

(b) The enforcement officers of the Department of Environmental Protection are empowered to enforce this section.

(c) The provisions of this section shall not apply to members of the military departments of the government or state while on duty or while traveling to or from assignments, or to enforcement officers, security guards or other persons employed to protect public or private property while in the performance of such duties.

(d) Any person who violates any provision of this section shall be fined not less than ten nor more than one hundred dollars or be imprisoned not more than thirty days or be both fined and imprisoned. P.A. 12-80, S. 104.)

Note: This section does not mention Handguns and no statute can be found that contains handguns other than saying it must be Unloaded. I would consider this definition the min for Handguns.

State Emergency Powers

Title 28: Chpt. 517 Sec. 28-9. Civil preparedness or public health emergency; Governor's powers. Modification or suspension of statutes, regulations or other requirements.

(a) In the event of serious disaster, enemy attack, sabotage or other hostile action or in the event of the imminence thereof, the Governor may proclaim that a state of civil preparedness emergency exists, in which event the Governor may personally take direct operational control of any or all parts of the civil preparedness forces and functions in the state. Any such proclamation shall be effective upon filing with the Secretary of the State. Any such proclamation, or order issued pursuant thereto, issued by the Governor because of a disaster resulting from man-made cause may be disapproved by majority vote of a joint legislative committee consisting of the president pro tempore of the Senate, the speaker of the House of Representatives and the majority and minority leaders of both houses of the General Assembly, provided at least one of the minority leaders votes for such disapproval. Such disapproval shall not be effective unless filed with the Secretary of the State not later than seventy-two hours after the filing of the Governor's proclamation with the Secretary of the State. As soon as possible after such proclamation, if the General Assembly is not then in session, the Governor shall meet with the president pro tempore of the Senate, the speaker of the House of Representatives, and the majority and minority leaders of both houses of the General Assembly and shall confer with them on the advisability of calling a special session of the General Assembly.

(b) Upon such proclamation, the following provisions of this section and the provisions of section 28-11 shall immediately become effective and shall continue in effect until the Governor proclaims the end of the civil preparedness emergency:

(1) Following the Governor's proclamation of a civil preparedness emergency pursuant to subsection (a) of this section or declaration of a public health emergency pursuant to section 19a-131a, the Governor may modify or suspend in whole or in part, by order as hereinafter provided, any statute, regulation or requirement or part thereof whenever the Governor finds such statute, regulation or requirement, or part thereof, is in conflict with the efficient and expeditious execution of civil preparedness functions or the protection of the public health. The Governor shall specify in such order the reason or reasons therefor and any statute, regulation or requirement or part thereof to be modified or suspended and the period, not exceeding six months unless sooner revoked, during which such order shall be enforced. Any such order shall have the full force and effect of law upon the filing of the full text of such order in the office of the Secretary of the State. The Secretary of the State shall, not later than four days after receipt of the order, cause such order to be printed and published in full in at least one issue of a newspaper published in each county and having general circulation therein, but failure to publish shall not impair the validity of such order. Any statute, regulation or requirement, or part thereof, inconsistent with such order shall be inoperative for the effective period of such order. Any such order shall be communicated by the Governor at the earliest date to both houses of the General Assembly.

(2) The Governor may order into action all or any part of the department or local or joint organizations for civil preparedness mobile support units or any other civil preparedness forces.

(3) The Governor shall order and enforce such blackouts and radio silences as are authorized by the

United States Army or its duly designated agency and may take any other precautionary measures reasonably necessary in the light of the emergency.

(4) The Governor may designate such vehicles and persons as shall be permitted to move and the routes which they shall follow.

(5) The Governor shall take appropriate measures for protecting the health and safety of inmates of state institutions and children in schools.

(6) The Governor may order the evacuation of all or part of the population of stricken or threatened areas and may take such steps as are necessary for the receipt and care of such evacuees.

(7) The Governor may take such other steps as are reasonably necessary in the light of the emergency to protect the health, safety and welfare of the people of the state, to prevent or minimize loss or destruction of property and to minimize the effects of hostile action.

(8) In order to ensure the automatic and effective operation of civil preparedness in the event of enemy attack, sabotage or other hostile action, or in the event of the imminence thereof, the Governor may, at the Governor's discretion, at any time prior to actual development of such conditions, issue such proclamations and executive orders as the Governor deems necessary, such proclamations and orders to become effective only under such conditions

Minimum Age for Possessing and Transporting of Handguns.

Connecticut 21 Y/O **Title 29, Chapter 529** Sec. [29-34](#). & [29-36f](#)

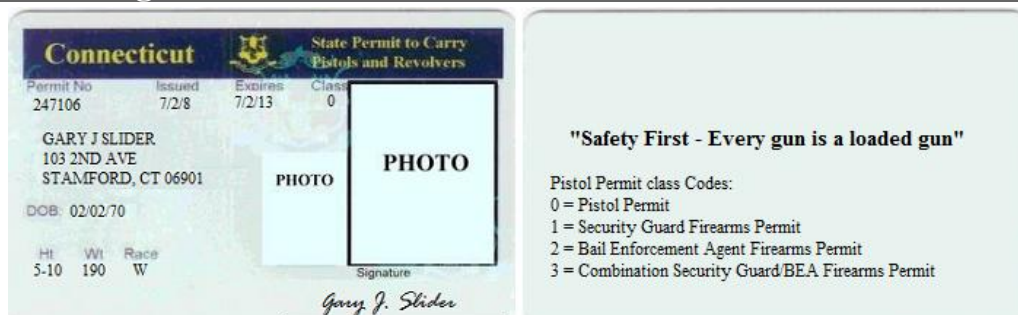

This is the minimum age for possessing and transporting a handgun unloaded and secured in a vehicle without any type of permit/license to carry firearms.

Some states (and counties) require Firearms Identification Cards, and/or registration.

Note: In some states Possession and Transportation CAN be very restrictive in that you can ONLY possess and transport a handgun to and from a Shooting Range, Gun Shop, property you own or other places you can legally possess a handgun. Some states do not have this restriction.

This is not the last word on possession and transporting of handguns in this, or any other state. Study your state law further for more information. See "RV/Car Carry" Section Above for more information.
