How to Apply for A Permit

How To Apply

- Application Process:
 1. The average processing time is 45 days for new and renewal concealed handgun permit applications.
 2. In an effort to allow the most efficient processing of your application, we suggest that you review the following tips for both new and renewal applications:
 - a. Review your application for completeness. An incomplete application may result in the delay or denial of your application.
 - b. Make sure all questions are answered correctly, specifically the questions with regard to arrests, medical conditions, and 18 USC 922 g. (See selected statutes in the [Law and Rule Booklet](#).)
 - i. Read the arrest question carefully, as you must list all arrests, summons, and citations (except speeding citations) even if listed on a previous application.

You must provide a certified true copy of all arrest dispositions with your application.

- ii. If you listed a medical condition you must have the treating physician complete the medical summary form before submitting your application.
 - iii. If you are currently subject to a protective or restraining order you must provide a certified true copy with your application.
3. For renewals, complete your application and send it in as soon as possible to avoid any lapse in permit privileges.

residence of another without first receiving the consent of that person. Additionally, the blood alcohol reading of the permittee must not exceed .05% or greater by weight of alcohol in the blood.

RS 14:95.2 Carrying a firearm, or dangerous weapon, by a student or nonstudent on school property, at school-sponsored functions or firearm-free zone

Carrying a firearm, or dangerous weapon, by a student or nonstudent on school property, at school-sponsored functions or firearm-free zone

A. Carrying a firearm, or dangerous weapon as defined in R.S. 14:2, by a student or nonstudent on school property, at a school sponsored function, or in a firearm-free zone is unlawful and shall be defined as possession of any firearm or dangerous weapon, on one's person, at any time while on a school campus, on school transportation, or at any school sponsored function in a specific designated area including but not limited to athletic competitions, dances, parties, or any extracurricular activities, or within one thousand feet of any school campus.

B. For purposes of this Section, the following words have the following meanings:

Page 35 it states that on a college campus firearms can not be carried but **LRS 14:95.2 C**. The provisions of this Section shall not apply to:

(8) A student who possesses a firearm in his dormitory room or while going to or from his vehicle or any other person with permission of the administration.

So a student can keep a firearm in their dorm room with permission from the college administration and can legally transport it back and forth to their vehicle from their dorm room. I would not carry it concealed but in some type of case. I would also check the College student regulations as they may forbid it and expel you if you bring a legal firearm onto campus.
