**Places Off-Limits Even With A Permit/License**

**Notice** – The Michigan Supreme Court upheld a lower court ruling on July 27, 2018 with the media and RBKAs Orgs reporting that by them upholding the previous court ruling that K-12 schools can ban firearms from their schools. Michigan Open Carry who was a party in the suit is saying “hold on a minute!” You can read what Michigan Open Carry is putting out on the ruling Here. You can read the court opinion Here.

The courts have given schools the right to make policy to ban the open carrying of firearms from their premises. State Law already makes Concealed Carry illegal on K-12 Property. MI St University - University of MI - Wayne St. University – All Other Col./Univ.

Note: See AG Opinions/Ct Case Section on Ruling that University of MI can ban Firearms. All Colleges/Universities besides the three listed may have the authority to ban firearms on their campus. Under Michigan law there are many different opinions on what schools have this authority and what ones don’t and even if some do/don’t have authority. It has to do with how the schools were established. As you can see in the Places Off Limits Section above the MI State Police state no firearms in Dorms or Classrooms. This is state law but the Colleges/Universities have made rules/regs that do have the force of law that can go beyond

what state law states. From all Handgunlaw.us is hearing for this to be settled one way or the other will require a court case. Until that time check with the College/University to find their rules/regs on firearms.

MSU, UM and WSU have special status in the MI Constitution and elect their Board of Regents. Since they are elected the state preemption law does not apply to Michigan State University, University of Michigan and Wayne State University. They can pass Ordinances that ban the carry of firearms anywhere on their campus. Ordinances are below.

You can’t carry on any property of the University of Michigan or Wayne State University even with a valid permit/license to carry in the state of Michigan. Michigan State University follows state law and you can have a firearm on you and in your vehicle as long as you do not go into any building on campus if you have a valid permit/license to carry in Michigan.

If Major Streets or Roads travel through the Univ. of MI or Wayne State Univ. you can drive using these streets roads in your travels if you do not stop on Campus. That is the understanding I have received. Do use caution when traveling through Univ. of MI and Wayne State Univ. Property. They have the legal authority to pass ordinances that ban the carrying of firearms on their property.

Do “No Gun Signs” Have the Force of Law?

“NO ???”

There is not a law specifically stating that No Gun Signs have the force of law in Michigan. Handgunlaw.us is getting conflicting information from sources in Michigan. Some are stating you could be charged with Trespass if you go by a sign. Others say they have to ask you to leave first. If you don’t leave immediately then you are trespassing. Below are two sources of information. Use caution.

Frequently Asked Question From MCRGO
Michigan Coalition For Responsible Gun Owners.

Q: Is there a specific design for the no gun allowed sign? Does the law say where it has to be placed at a business, such as on the door or adjacent window leading into the business?

A: There are no specifications for "No Guns" or "No Weapons" signs in Michigan law. Under the law, there are two ways for a CPL holder to know that guns are not allowed in a specific location. The first is the list of "Pistol Free Zones" (often colloquially referred to as violent criminal empowerment zones) that we must all memorize, which is part of the CPL statute (Pistol Free Areas).

The second is when the owner or lessor of any real property communicates to us that our guns are not welcome there. That communication must be reasonable in order to be effective. By reasonable, I don't mean polite. I mean that there is an effective means of communicating to us that we are not welcome so long as we are carrying our guns. This can be done with a sign, verbally, or in some kind of printed material.

For instance, if there is a reasonably-sized and located sign in a retail establishment indicating that guns or weapons are not allowed, that would constitute reasonable notice. If an employee of the same establishment actually tells you that you may not carry on the premises, that would constitute reasonable notice. If your employer has an employee handbook or some kind of printed guidelines, and includes a prohibition on guns and/or weapons, that would constitute reasonable notice.

If you choose to ignore any such reasonable notice, then you become a trespasser rather than a business invitee. Trespass can be punished as a crime and/or in civil court, and could affect your CPL licensing status.

Steve Dulan (www.StevenWDulan.com) is a member of the Board of Directors of the MCRGO and the MCRGO Foundation, and a member of the Board of Trustees of the MCRGO Foundation. He is an attorney in private practice in East Lansing and Adjunct Professor of firearms law at The Thomas M. Cooley Law School. as well as an Endowment Member of the NRA.

Also see Question #7 at Michigan Open Carry for their take on No Gun Signs.

Note: Handgunlaw.us believes when you come across a business that is posted that you not just walk away. That business needs to know that they lost your business because of their “No Gun” sign. Giving them a “No Firearms = No Money” card would do just that. You can print free “No Firearms = No Money” cards by going Here.

**Must Inform Officer Immediately on Contact By Law?**

“YES”

28.425f (3) An individual licensed under this act to carry a concealed pistol and who is carrying a concealed pistol or a portable device that uses electro-muscular disruption technology and who is stopped by a peace officer shall immediately disclose to the peace officer that he or she is carrying a pistol or a portable device that uses electro-muscular disruption technology concealed upon his or her person or in his or her vehicle.

From MCRGO  (Michigan Coalition for Responsible Gun Owners)

Q: If I am a passenger in a car that is pulled over and I am carrying my pistol, do I have to disclose to the officer who comes up to the driver's window that I am carrying?

A: Yes. MCL 28.425f states: "(3) An individual licensed under this act to carry a concealed pistol and who is carrying a concealed pistol and who is stopped by a peace officer shall immediately disclose to the peace officer that he or she is carrying a pistol concealed upon his or her person or in his or her vehicle." If the vehicle you are riding in has stopped, you have been stopped, and must disclose immediately to the officer that you are armed. Obviously, you want to state this fact in a businesslike and calm manner. Have some sympathy for the position of the law enforcement officer, and let him or her know that you are disclosing as required by law. Some officers recommend that you hand over your CPL and Driver's License together as your method of disclosing. Remember that you must carry your CPL at all times that you are carrying a concealed pistol, as well as your Driver's License or state-issued ID card.

Q: If I get pulled over by the police while I am lawfully carrying a concealed pistol, is it considered sufficient notice to hand over my Concealed Pistol License (CPL) with my Driver's License?

A: Maybe not.

MCL 28.425f(3) states: "An individual licensed under this act to carry a concealed pistol and who is carrying a concealed pistol and who is stopped by a peace officer shall immediately disclose to the peace officer that he or she is carrying a pistol concealed upon his or her person or in his or her vehicle." The penalty for a first offense includes a $100 fine, and a CPL suspension of up to six months.

In one recent case, the driver handed his CPL over to the officer who stopped him. He did this because he had been told by a reliable source (an experienced police officer from another jurisdiction) that it is considered dangerous to use the word "gun" when talking to an officer on the road side since officers yell, "Gun!" to one another when a dangerous person displays a firearm. The driver was ticketed for the non-disclosure. In subsequent trial, the dashboard video camera record showed that it was approximately 40 seconds after the officer arrived at the driver's window that the driver verbally disclosed his concealed pistol.

The court found that the simple act of handing over the CPL was not adequate disclosure and that the 40-second delay before verbally disclosing was not "immediate disclosure."

**Note:** A “YES” above means you can carry into places like described below. “NO” means you can’t. Handgunlaw.us definition of “Restaurant Carry” is carry in a restaurant that serves alcohol. Places like Friday’s or Red Lobster unless posted with “No Gun Signs.” This may or may not mean the bar or the bar area of a restaurant. But you can carry your firearm into a restaurant that serves alcohol www.handgunlaw.us
and sit and eat without consuming. Handgunlaw.us recommends you not sit at the Bar or in the Bar area of such restaurants. In some states it is illegal to be in the Bar area of such restaurants. Handgunlaw.us believes you should never consume alcohol when carrying your firearm. In some states it is illegal to take even one drink while carrying a firearm. If you want further info on carrying in places that serve alcohol check your state laws.

**Stun Devices/Electric Weapons**

750.224a –Portable Device or Weapon Directing Electrical Current, Impulse, Wave, or Beam; Sale or Possession Prohibited; Exceptions; Use of Electro-Muscular Disruption Technology; Violation; Penalty; Definitions.

Sec. 224a. (Edited for Space Considerations)

(1) Except as otherwise provided in this section, a person shall not sell, offer for sale, or possess in this state a portable device or weapon from which an electrical current, impulse, wave, or beam may be directed, which current, impulse, wave, or beam is designed to incapacitate temporarily, injure, or kill.

(2) This section does not prohibit any of the following:
   
   (b) The possession and reasonable use of a device that uses electro-muscular disruption technology by an individual who holds a valid license to carry a concealed pistol under section 5b of 1927 PA 372, MCL 28.425, and who has been trained under subsection (5) in the use, effects, and risks of the device.

(5) An authorized dealer or other person who sells a device that uses electro-muscular disruption technology to an individual described in subsection (2)(b) shall verify the individual’s identity and verify that the individual holds a valid concealed pistol license issued under section 5b of 1927 PA 372, MCL 28.425b, and shall provide to the individual purchasing the device, at the time of the sale, training on the use, effects, and risks of the device. A person who violates this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 30 days or a fine of not more than $500.00, or both.

(6) An individual described in subsection (2) shall not use a device that uses electro-muscular disruption technology against another person except under circumstances that would justify the individual’s lawful use of physical force. An individual who violates this subdivision is guilty of a misdemeanor punishable by imprisonment for not more than 2 years or a fine of not more than $2,000.00, or both.

(7) As used in this section:

   (a) “A device that uses electro-muscular disruption technology” means a device to which both of the following apply:

   (i) The device is capable of creating an electro-muscular disruption and is used or intended to be used as a defensive device capable of temporarily incapacitating or immobilizing a person by the direction or emission of conducted energy.

   (ii) The device contains an identification and tracking system that, when the device is initially used, dispenses coded material traceable to the purchaser through records kept by the manufacturer, and the manufacturer of the device has a policy of providing that identification and tracking information to a police agency upon written request by that agency. However, this subdivision does not apply to a launchable device that is used only by law enforcement agencies.

**Note:** The seller will give you the training. From the way I understand the law the seller is responsible for giving the training so resale by a non dealer may not be legal.

### Chemical Sprays:

**750.224d**

(1) As used in this section and section 224, “self-defense spray or foam device” means a device to which all of the following apply:

(a) The device is capable of carrying, and ejects, releases, or emits 1 of the following:

   (ii) A solution containing not more than 18% oleoresin capsicum.

   (iii) A solution containing an ultraviolet dye and not more than 18% Oleoresin Capsicum.

(b) The device does not eject, release, or emit any gas or substance that will temporarily or permanently disable, incapacitate, injure, or harm a person with whom the gas or substance comes in contact, other than the substance described in subdivision (a)(i) or (iii).

(2) Except as otherwise provided in this section, a person who uses a self-defense spray or foam device to eject, release, or emit orthochlorobenzalmalononitrile or oleoresin capsicum at another person is guilty of a misdemeanor, punishable by imprisonment for not more than 2 years, or a fine of not more than $2,000.00, or both.

(3) If a person uses a self-defense spray or foam device during the commission of a crime to eject, release, or emit orthochlorobenzalmalononitrile or oleoresin capsicum or threatens to use a self-defense spray or foam device during the commission of a crime to temporarily or permanently disable another person, the judge who imposes sentence upon a conviction for that crime shall consider the defendant’s use or threatened use of the self-defense spray or foam device as a reason for enhancing the sentence.

(4) A person shall not sell a self-defense spray or foam device to a minor. A person who violates this subsection is guilty of a misdemeanor punishable by imprisonment for not more than 90 days or a fine of not more than $500.00, or both.

(5) Subsection (2) does not prohibit either of the following:

(a) The reasonable use of a self-defense spray or foam device containing not more than 18% oleoresin capsicum by a person who is employed by a county sheriff or a chief of police and who is authorized in writing by the county sheriff or chief of police to carry and use a self-defense spray or foam device and has been trained in the use, effects, and risks of the device, while in performance of his or her official duties.

(b) The reasonable use of either of the following by a person in the protection of a person or property under circumstances that would justify the person’s use of physical force:

Notes

What Does MI Consider A Loaded Firearm?

**Transporting Firearms, Crossbows, and Bows and Arrows (DNR Regulations)**

These rules apply whether your vehicle is parked, stopped, moving or is on private or public property. Firearms must be unloaded in the barrel, and all arrows must be in a quiver when a hunter is afield outside the legal hunting hours.

At all times when carried in or on a motor vehicle, including snowmobiles:

- Rifles, shotguns, muzzleloading and other firearms must be unloaded in both barrel and magazine and enclosed in a case or carried in the trunk of a vehicle.
- Crossbows, slingshots, and bows and arrows must be enclosed in a case or unstrung or carried in the trunk of a vehicle.

At all times, when carried in or on an ORV:

- Rifles, shotguns, muzzleloading and other firearms must be unloaded in both barrel and magazine and enclosed in a case or equipped with and made inoperative by a manufactured keylocked trigger-housing mechanism.
- Crossbows, slingshots, and bows and arrows must be enclosed in a case or unstrung.

At all times, when carried in or on a motor-propelled boat or sailboat:

- Rifles, shotguns, muzzleloading and other firearms must be unloaded in both barrel and magazine when the motor is operating or the boat is under sail.
- Firearms may not be loaded until the forward momentum of the boat has ceased.

**Exception:** These rules do not apply to a pistol carried under authority of a concealed pistol license or properly carried under authority of a specific exception from the requirement of a concealed pistol license. See Statewide Handgun Regulations.

A percussion cap muzzleloading longarm is considered unloaded if the percussion cap is removed. A flintlock muzzleloading longarm is considered unloaded if the cock is left down and the pan is open. Black powder handguns must be transported as stated above. A muzzleloading firearm that has an electric ignition system is considered unloaded if the battery is removed.
10.31 Proclamation of state of emergency; promulgation of orders, rules, and regulations; seizure of firearms, ammunition, or other weapons.

Sec. 1. (1) During times of great public crisis, disaster, rioting, catastrophe, or similar public emergency within the state, or reasonable apprehension of immediate danger of a public emergency of that kind, when public safety is imperiled, either upon application of the mayor of a city, sheriff of a county, or the commissioner of the Michigan state police or upon his or her own volition, the governor may proclaim a state of emergency and designate the area involved. After making the proclamation or declaration, the governor may promulgate reasonable orders, rules, and regulations as he or she considers necessary to protect life and property or to bring the emergency situation within the affected area under control. Those orders, rules, and regulations may include, but are not limited to, providing for the control of traffic, including public and private transportation, within the area or any section of the area; designation of specific zones within the area in which occupancy and use of buildings and ingress and egress of persons and vehicles may be prohibited or regulated; control of places of amusement and assembly and of persons on public streets and thoroughfares; establishment of a curfew; control of the sale, transportation, and use of alcoholic beverages and liquors; and control of the storage, use, and transportation of explosives or inflammable materials or liquids deemed to be dangerous to public safety.

(2) The orders, rules, and regulations promulgated under subsection (1) are effective from the date and in the manner prescribed in the orders, rules, and regulations and shall be made public as provided in the orders, rules, and regulations. The orders, rules, and regulations may be amended, modified, or rescinded, in the manner in which they were promulgated, from time to time by the governor during the pendency of the emergency, but shall cease to be in effect upon declaration by the governor that the emergency no longer exists.

Note: Federal Law can apply if the state is receiving monetary and/or other assistance from the Federal Government. See US Code 42-5207 for Federal Law as it applies to States of Emergencies. The state quoted code may also not be all of the law on Emergency Powers held by the state. You should read the entire code on Emergency Powers etc for this state by following the link to the state code.

**Minimum Age for Possessing and Transporting of Handguns.**

**Michigan** 18 Y/O 750.234f

This is the minimum age for possessing and transporting a handgun unloaded and secured in a vehicle without any type of permit/license to carry firearms.

Some states (and counties) require Firearms Identification Cards, and/or registration.

Note: In some states Possession and Transportation CAN be very restrictive in that you can ONLY possess and transport a handgun to and from a Shooting Range, Gun Shop, property you own or other places you can legally possess a handgun. Some states do not have this restriction.

This is not the last word on possession and transporting of handguns in this, or any other state. Study your state law further for more information. See “RV/Car Carry” Section Above for more information.
Michigan does not have a standard Permit/License. It can be a plastic card or paper. I do not know if there is any information on the reverse of these Licenses.

Image above left is a sample image. Image on right has been digitally assembled from 2 or more images. It may not be 100% accurate but gives a good representation of the actual Permit/License. I have been told that the back of both sample fronts is the same.
