Open Carry (Without a Valid Permit/License)

On 9/28/16 the U.S. District struck down parts of CMC Code on firearms. The Ruling specifically states that the Code stating that open carry is illegal is Unconstitutional. So open carry is legal but with all the places off limits and you can’t go within 500 foot of those places it would be very difficult to open carry in any incorporated area without coming within 500 feet and sometimes 1000 feet of those places they specifically mention in the code as off limit areas. Also § 10206 does not allow the carrying of loaded firearms in a vehicle so Open Carry in a Vehicle is most likely illegal. Some states allow open carry but not in a vehicle without a valid permit to carry so this law would be the same as in other states. See Places Off Limits at top of this document and Use Extreme Caution.

Handgunlaw.us could find no mention of what the Northern Marianas considers a loaded or unloaded firearm in their statutes.

State Emergency Powers

Handgunlaw.us can find no specific laws on the “Emergency Powers” of the Governor or other state officials. That does not mean there are no laws covering this topic but that they just couldn’t be found. During a state of emergency a Governor has very broad powers that are mainly restrained by law. If there are no laws limiting a Governor in what they can or cannot do they can do just about anything they deem appropriate in an Emergency and let things get sorted out after the emergency is past. Looking at New Orleans after Katrina shows you what they can or will do if there are no laws restraining State Government(s).

Note: Federal Law can apply if the state is receiving monetary and/or other assistance from the Federal Government. See US Code 42-5207 for Federal Law as it applies to States of Emergencies.
